MAMA BEAR APOLOGETICS: GUIDE TO SEXUALITY

by Hillary Morgan Ferrer w/ Amy Davison

Chapter 10: Same-Sex Attraction

Main theme: Same-sex-attracted individuals are people to be loved, but that doesn't mean we affirm the lie that God approves of sexuality outside of marriage between a husband and wife.

1. Based on Rom.1:18-32, why do you think Scripture places such an emphasis on the sexuality of Christians?
2. How would you describe a proper balance between treating homosexuality worse than other sexual sins, and compromising what God says about same-sex activity out of a desire to love someone?
3. What are ways to love same-sex attracted people in our lives without compromising truth?

Chapter 11: Gender Identity

Main theme: Gender is biologically defined as whether a person's body was designed to produce male gametes (sperm) or female gametes (eggs). It is an objective fact; it is not on a spectrum; and it is not determined by someone's interests or self-identification.

4. Did you fit in with other kids of your gender when you were in school?
5. How well do you fit into your gender stereotype?
6. When discussing transgenderism, have you been tempted to ridicule?
7. How should we treat people who are confused about their gender?
8. Who are some men and women in the Bible who break gender stereotypes?
